

Your Digital Skills Development Journey

At Herts we are committed to supporting every student to develop and showcase the digital skills you need to thrive in your studies, life and work.

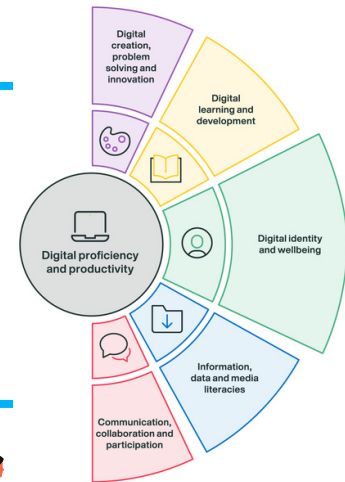

Before you arrive

Find out about what you can expect to support your digital skills development and how you can prepare for your digital experience at university on the [Getting ready to study at Herts module](#).

Throughout your studies

As part of your course, assess and develop your skills guided by the six elements of digital capability.

Get 1:1 support from [Student Technology Mentors](#) and take part in activities like [Digital Wednesdays sessions](#).

Your first few weeks

Use the [Get started with Herts digital checklist](#) to access the platforms and tools you need and know where to get in person and self-guided help, starting with the [Digital Skills unit in Library SkillUP](#).

Showcase your skills

Demonstrate your development and skills with the [Jisc Digital Discovery Tool](#), [LinkedIn Learning](#), extra curricular accreditation and as part of the [Go Herts Award](#).
