

Engagement Committee for Environment and Sustainability

If you have any questions regarding this group, the Engagement Plan, or general environmental questions, please email them to sustainable@herts.ac.uk

Purpose

The aim of this group is to set and implement the environment and sustainability student engagement action plan. The engagement strand is part of our Building Sustainable Communities pathway, which is managed through our Environment and Sustainability Sub-Committee, and overseen by the Environment and Sustainability Steering Group.

Membership

- Engagement Co-ordinator - E&S Team (Chair)
- Student Union representative
- Green Herts society representative
- GEP society representatives
- MarComms - Student Comms representative
- Student Success representative
- Widening Access representative
- Dean of Students representative
- International Office representative

Members that may also attend:

- Manager of sustainability-related action plan (e.g. biodiversity, waste, travel)
- External guests

Terms of reference

This group will make decisions on student engagement priorities, set actions, and track progress on targets and objectives. Staff engagement will be managed through the Sustainability Staff Network.

Reporting

Items arising from this group will be fed back to the Environment and Sustainability Sub-Committee via the Engagement Co-ordinator.

Structure of Meeting

The group will meet once every two months and will be minuted. The meeting will last no longer than 1 hour.
